## Homework

September 2022

### ***'From small beginnings come great things' The Parable of the Mustard Seed***

#### ***Matthew 13: 31-32***

We will apply our Christian and British values, complemented by our small-school benefits; balancing each child's educational, pastoral and emotional needs to deliver an exceptional, personalised journey, enabling them to flourish in our school family and in the future.

At Cadmore End we provide all children with homework to enable them to practise skills and learning they have already done in school. Sometimes the aim is to repeat something done in class as a practise exercise. Other times, the homework will ask children to apply their learning to a new context. The children will not be given work to do at home that they have not learned in school unless it is a research project that asks them to find out about something new. For example, to do their own project about the Romans.

We define homework as any activity that pupils undertake outside of school lesson time, either on their own or with the support of family members.

#### Why give homework?

- It can inform parents about work going on in class;
- It can further stimulate enthusiasm for learning;
- It takes advantage of the home environment and resources and the chance for one-to-one adult time;
- It can be a great source for gathering topic information to share with all the children;
- It is a great opportunity to rehearse key skills such as times tables, doubling facts, addition sums, spellings, handwriting and other key facts;
- It helps to foster good habits of independence, organisation and self-discipline in preparation for the demands of secondary School.

### Homework at our school

Whilst we support all of the above key principles, Cadmore End is not a school at which homework dominates home and school life. We accept that not every activity will capture children and parents' imagination and that weekends can sometimes be busy. We believe that homework should be enjoyable and manageable for all concerned and that if it becomes a chore/burden/source of conflict it ceases to be a constructive aspect of teaching and learning.

We do not specify amounts of time that must be spent on a task, preferring individual children and families to set their own routines. Individual teachers are happy to give advice.

We hope the children are motivated by positive incentives and by the tasks themselves; children are not punished if they fail to complete the work. However discreet homework registers are kept and if a child consistently fails to complete and return tasks, this is discussed with the child and their parents.

### Our routines and expectations

From September 2022, our homework will be set using Microsoft Teams. Children will be able to access their homework tasks via the assignments tab and upload their completed work. They will also be able to access any subject resources such as teachers notes, lesson presentations or revision guides.

Microsoft Teams can be accessed in three ways:

- Using the Office 365 website: [www.office.com](http://www.office.com)
- Using the dedicated Microsoft Teams application for Windows or Mac OS
- Using the Microsoft Teams app available for iOS or Android.

Further support on how to use teams can be found in the Pupil Guide to using Microsoft Teams at the back of this document.

The homework will be explained and discussed in class before being set; it may be a continuation of classwork or maths games already familiar to your child. It is our intention to send work home that consolidates the children's learning in class. There will be a clear explanation/reminder from the teacher of what is expected.

Each child will have their own login details that are shared with parents. Some children will need some assistance from parents, to login to TEAMS, find the homework that has been set and upload homework if necessary.

### Broadly speaking these are current expectations:

Nursery – sharing books and communicating with school via Evidence Me.

Reception – daily reading, learning key words. From the Spring term there are optional homework tasks set each half term to support the topic covered.

Year 1 and 2 – daily reading, weekly maths and English or topic tasks set via TEAMS. Some tasks can be completed independently, some of the tasks will involve paired work with your child. Most children will need support to access TEAMS using their login details.

Years 3 and 4 – daily reading, weekly maths and English or topic tasks set via TEAMS. Most tasks can be completed independently, some of the tasks will involve paired work with your child. Some

children will need support to access TEAMS using their login details.

Years 5 and 6 - daily reading, weekly maths and English or topic tasks set via TEAMS. Most tasks should be completed independently. Most children should be able to access TEAMS using their login details independently.

As far as possible, homework will be related to class topics. This is important as it helps parents to know more about what is going on in class and to support enthusiasm for learning. Parents might, for example, find themselves supporting research of Egyptian Gods, finding out about grandparents' experience of school or measuring objects around the home. This also means that each child can pursue a set task at their own level of ability.

During Spring Term, prior to SAT tests, the Year 6 children will be given additional revision work.

***It is our policy not to give homework over the holidays and half term breaks.***

Our additional needs teachers may send specific tasks home to support the learning of the children they support. Again, this will be discussed with parents.

If you take holiday during term-time, something we actively discourage, parents may not request work from the teacher. We suggest that parents organise a holiday diary.

In addition, if a child is off ill, the class teacher will not be setting work to be completed at home.

#### What to do if you have concerns

If you find the homework inappropriate for your child, if they lack interest, if it becomes a battleground or if you are concerned that homework is given inconsistently, please talk with your child's teacher in the first instance.

If you still have concerns, please talk with Mrs. Groom, the Headteacher.
